

Created by the Association québécoise Plaidoyer-Victimes, *Navigating Your Way Through the Justice System: When the Offender Is an Adolescent* is intended to assist victims in understanding the youth criminal justice system, to guide them in obtaining the help and compensation they need and to support them in exercising their rights and recourses. This comprehensive and practical guide includes everything that victims and people who support them need to know to navigate the justice system in an informed way. This guide is the second in a series of guides on the rights and recourses of victims of crime to provide victims with the information they need.
